REASONS FOR ALLOWANCE

The following is an examiner's statement of reasons for allowance:

In the Declaration filed January 8, 2009, applicants have shown that the trimerization processes in the presence of the catalyst of the instant claims exemplified in Examples 2-14 disclosed in the specification provide much improved activities compared to the activities of those processes disclosed in Examples 1,3-4 and 7-11 of Dixon et al. (US 2005/0119516 A1). The dramatic increase of activities of the claimed process is unexpected and critical; therefore, the trimerization process of the instant claims is deemed to be novel and nonobvious over Dixon and the instant claims are in the condition for allowance.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Caixia Lu whose telephone number is (571) 272-1106. The examiner can normally be reached on 9:00 a.m. to 5:30 p.m..
